PRO Landscape
DESIGN SOFTWARE

Make an Amazing First Impression

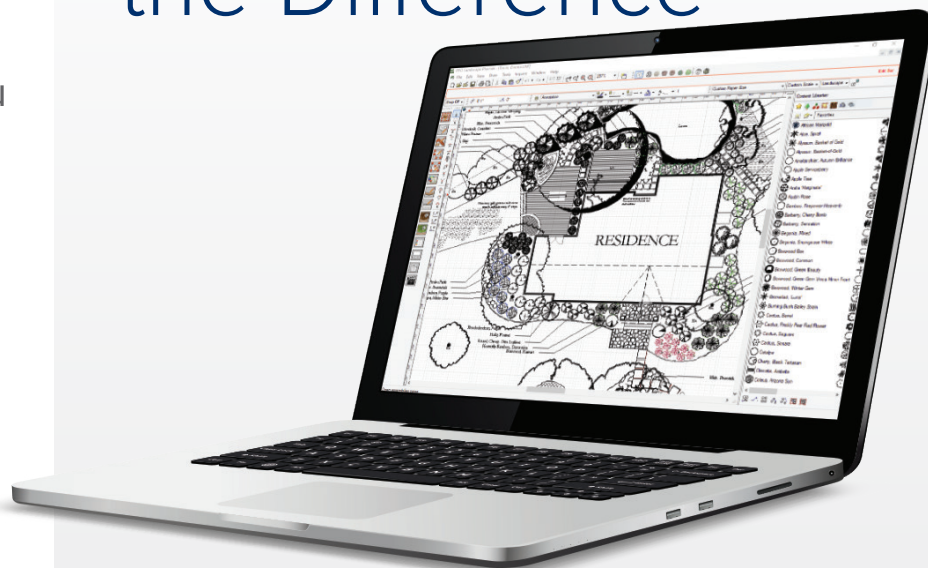

Instant photo imaging designs will help you make the sale!

Create impressive visual designs from actual photographs of your customers' property.

- Use powerful cloning tools to cover up existing landscaping.
- Choose elements for your drawing from over 19,000 high-quality images of zone-specific plant material, groundcover, hardscapes and more.
- Create amazing night and holiday lighting designs from a picture taken during the daytime.
- Design and present your photo imaging projects with the PRO Landscape Companion app.

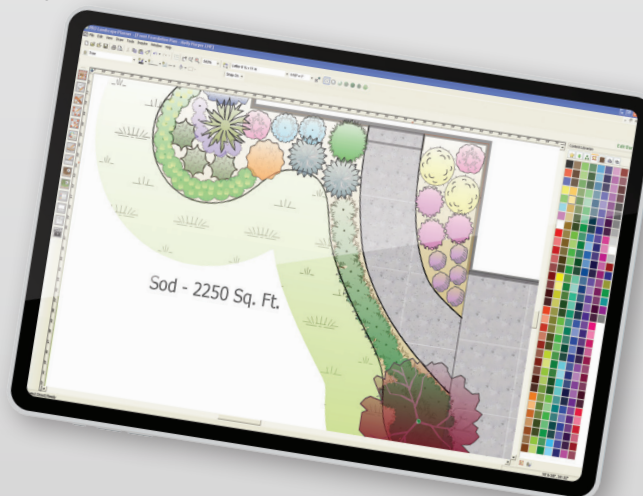

Details Will Make the Difference

Easy-to-learn and easy-to-use landscape specific CAD helps you plan accurately.

Easily create precise drawings at any size or scale to help your ideas become reality.

- Start quickly from your measurements, a CAD or PDF file, survey/plot plan, satellite image or drone photo.
- Create base drawings on site using the Companion app.
- Included are thousands of symbols and patterns assigned to specific plant species, pavers, groundcover and more.
- Design residential or commercial projects in either black and white or full color.
- Instantly calculate quantity takeoffs including length, area and volume for edging, walls, pavers, mulch, irrigation pipe and more.
- Add design details like material callouts, plant legends, title blocks and project dimensions.

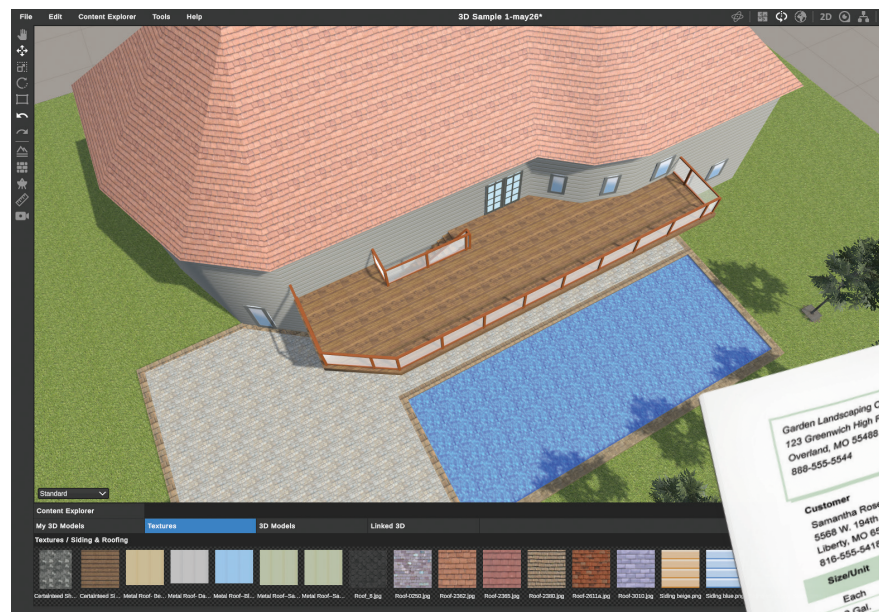

Bring Your Designs to Life with 3D

3D Editor gives you the power to add depth and perspective to your plans.

Create remarkable 3D renderings right from your newly created CAD drawings.

- Define your 3D parameters including length, width and depth
- Apply your favorite patterns and textures to design elements
- Go beyond plants and create decking, fencing, arbors, pergolas, pools and more
- Give your customers something extra with 3D walkthroughs and flyovers.

Seal the Deal with Stunning Proposals

Increase your close rate with accurate, complete, professional proposals.

Easily produce proposal booklets including a cover page, price quote, materials list, and detailed plant information.

- Enter your own pricing as well as both labor and tax rates to make the proposal accurate to your specific needs
- Personalize your quotes by including your company logo and contact information on all of your proposals
- Proposals can be easily printed and delivered or exported to PDF format for emailing
- Create quick quotes right onsite using the PRO Landscape Companion app

Chrysanthemum, Penny Lane

Classification	Flower, Perennial
Height	24" (60 cm)
Width	2' (60 cm)
Color	Pink
Flower Color	Early Fall, Fall, Late Fall
Flower Season	Full Sun, Light Shade
Sun	Adaptable to most soils.
Soil	6.7, 8.9
Climate Zones	When new spring shoots are 6-8" long, pinch tips to encourage bushiness. Repeat pinching for later flowering varieties as needed until early summer when flower buds form. Cut tops to the ground after killing frost in fall, and
Care Information	

Description Penny Lane is characterized by its light pink ray floret color and contrasting, generally dark orange disc florets.

Liriope, Aztec

Classification	Flower, Perennial
Height	12" (30 cm)
Width	1' (30 cm)
Color	Blue
Flower Color	Blue
Flower Season	Summer
Sun	Full Shade, Light Shade
Soil	Well-drained, moist, humus-rich, acidic
Climate Zones	6.7, 8.9, 10
Care Information	Follow a regular watering schedule during the first growing season to establish a deep, extensive root system. Remove old foliage in late fall or early spring. Divide clumps every 2 to 3 years.

Description Short, dense spikes of flowers that follow with ornamental black fruit in the winter. Very dense and helps block out weeds.

Windows®

- 64-bit version of Windows 10 or Windows 11
- 6 GB RAM Minimum
- 1024×768, 16M colors or higher video
- Mouse or other pointing device recommended
- 15 GB of available hard disk space
- Premium or gaming video recommended for use with 3D Editor

Mac OS®

PRO Landscape is a Windows application. To run PRO Landscape on Mac OS, you will need Parallels desktop or the equivalent running Microsoft Windows 10/11.
