

# What's New in PRO Landscape+

## New License Manager

We've upgraded our license manager so you can install PRO Landscape+, activate, and start using it immediately. The license manager also makes it easy to move your license to a new computer without contacting Tech Support.

## Free Online Training Webinars

PRO Landscape+ users will have access to our new online training webinars. These will be scheduled at various times throughout the year and will cover numerous topics.

## Enjoy Free Continuous Enhancements

Stay up to date with all the latest features, updates and upgrades - automatically included with your subscription.

## Advanced Planner Tutorials

PRO Landscape+ includes an additional 4+ hours of advanced tutorials for those going beyond the fundamentals.

## Enhanced Database Performance

PRO Landscape+ transitions its database to SQL Server which provides for overall better performance and stability.

# What's New in PRO Landscape+

## RealDWG 2025

PRO Landscape+ includes the latest RealDWG for 2025 allowing PRO Landscape users to import and export drawings in the latest AutoCAD formats.

## User Interface Modernization

We're excited to announce that we've begun updating and modernizing the user interface in PRO Landscape+. The first step is an overhaul of the EZScape tools in the Image Editor, and we will continue this effort to bring a cleaner, more streamlined look to the entire PRO Landscape+ suite over the coming months.

## Flexible Pricing

Our new subscription-based pricing model give you the option to subscribe to PRO Landscape+ on a yearly or monthly basis.

*Check back as this list will grow as we add new features to PRO Landscape+*
